Tunis, Tunisia.

Dear Ms, Mr

I am submitting my resume for consideration for alternance program at SOCIETE GENERALE company. Given the skills and experience outlined in my enclosed resume, I believe I will be a worthy asset to your team.

In my two years at ESPRIT (Private School of Engineering and Technology), I've completed a great deal of coursework on cutting-edge technologies, projects as well as best practices, including conception, deployment and development of web application starting with Back-end to end up with Front-end using Unified Process as a methodology. where I learned and applied C#, .Net, SQL, and GIT.

I believe I would make an excellent addition to your team. This internship would help me grow my real-world experience in the technology industry and help me further develop and refine my application design skills.

I look forward to hearing from you!

Sincerely,

*khaoula*
